HOME ON THE RANGE

by Neil Young

Oh, give me a home where the buffalo roam
Where the deer and the antelope play
Where seldom is heard a discouraging word
And the skies are not cloudy all day
Home, home on the range
Where the deer and the antelope play
Where seldom is heard a discouraging word
And the skies are not cloudy all day

Need help identifying plants?

Try the 'PlantNet' app.

Water skippers have specialized hairs on their legs that are scored with tiny grooves. The grooves trap air which increases buoyancy & water resistance of the insect!
